

ESSENTIAL OIL sprays

WORKSHOP TIPS & DIRECTIONS

Thank you for purchasing the **Essential Oil Sprays Make & Take Workshop Kit!** Below are suggested ideas on how to run the workshop. These details can of course be adjusted based on your team size and class size.

WORKSHOP TIPS:

- For a successful event, be sure to hand out the Postcard Invitations one to two weeks prior to your event
- Be sure to have all additional supplies on hand for your workshop (see SUPPLIES NEEDED)
- Be sure to have extra bottles available for your guests to purchase
- Make sure to educate your guests on the basics, benefits and uses of essential oils at the beginning of your workshop, especially if you have new attendees

BASIC WORKSHOP DIRECTIONS:

- Hand out one Recipe Sheet to each guest
- Provide bottle(s) to your guests (See CLASS OPTIONS)
- Each guest should apply their own label to their bottle
- Those who are already essential oil users and wish to make additional Essential Oil Spray recipes, ask them to bring their own oils with them to the class! If there are oils they don't have to complete a certain recipe they want to try, do a little "oil trading" amongst other oilers.
- Essential Oil Spray label sets included in this kit are for those who would like to make all the Essential Oil Spray recipes on the recipe sheet. The suggested retail price of each sheet is \$3.99.

CLASS OPTION #1:

Charge a flat fee of \$5.00 per person (prospective customers, new and current members.) With that \$5 fee, each attendee will make the #2 Toilet Spray that comes on our BONUS Giveaway sheet of labels.

CLASS OPTION #2:

Each attendee that is NEW to essential oils, as a FREE take away, will make the #2 Toilet Spray that comes on our BONUS Giveaway sheet of labels. The essential oil users who invited a guest should supply the oils for their guest's free #2 Toilet Spray recipe.

SUPPLIES NEEDED (not included in kit):

- **All oils** needed to make Essential Oil Spray recipes on recipe sheet
- Distilled Water & Grapeseed Oil
- Muslin or cotton cloth & plastic wrap (for Slim & Trim Spray)
- **10 2oz. glass bottles per attendee**— in case all attendees would like to make all recipes! Any color bottle would work. Metal bottles are also an option instead of glass.

OPTIONAL SUPPLIES

Essential Oil Spray Station Tent Cards (sold separately)
